Declaration of POP Compliance

March 05th 2025

Rev. F

We, C&K, certify that all C&K products are in accordance with the European Regulation EU 2019/1021 (POP: Persistent Organic Pollutants).

And that all C&K products don't contain the 2 chemicals "UV-328" and "Dechlorane plus", that are under preparation for potential inclusion in the EU 2019/1021.

All product families do not contain, according to our knowledge and based on statements from our suppliers, any substances listed in the "[List of substances subject to POPs regulation](#)" greater than the specified thresholds.

If you require more information, please don't hesitate to contact us at the following e-mail address: EnvRequests-CK@littelfuse.com
